

The Gears Quilt

Supplies Needed

- Your Sewing Machine, in good working order. - Dual feed or Walking foot if you have one,
- Cutting Mat, Long Ruler and Rotary Cutter.

Fabrics

- One 10"x10" precut pack (or four 5"x5") colors should be tonal (from one color range with! many shades) Steam Punk is traditionally Sepia with Black and Grays, but you may work in any palette. These fabrics will be used as the Background
- One 10"x10" solid Grays to black for gears! Again, you may work in colors that please you.
- **Fusible Web** - I prefer Heat N Bond Featherlite about 6 yards, this varies on how many gears you want have, and it is twice as much as you think due to the shadow gears.
- maybe a few straight pins
- Lazy Susan cutting mat if you have one.
- Check out the free video on YouTube Man Sewing https://www.youtube.com/watch?v=nVBmh_yJpDE

Spend a Day with Rob Appell, and learn from his fun attempt at a "Steam Punk" quilt. This super fun class will not only teach you the fastest way to create tons of Half Square triangles, but will also help you through the design process of building the quilt top. Then the real fun begins, we will create fusible appliqué gears using a variety of methods including the Sizzix Big Shot die cutter (Rob will bring his to share)!

Sewing Machine Needed

Rotary Cutter and Mat

Pins
