helen@sewkindofwonderful.com

Experience Level

Beginner

Sewing Machine Required

Yes

Course Overview

This adorable variation of the very popular Urbanologie pattern by Sew Kind of Wonderful uses just the tree and house blocks to create a village of your own! Your village possibilities are endless and could be a Christmas Village, houses and trees showing the seasons, row houses, individual houses, etc. It all depends on the fabric your bring! Class will also focus on adding or subtracting blocks and calculating the correct cutting measurements. Curved piecing will also be taught without pins or finding 'center'.

Required Supplies

12 fat quarters assorted prints for houses/roofs
4 fat quarters assorted prints for trees
1 fat quarter for tree trunks
2 yards background fabric
Basic sewing supplies including rotary mat and cutter

Required Book and Ruler

Quick Curve (Sew Kind of Wonderful) Mini Ruler
Urbanologie by Sew Kind of Wonderful

A Starter Pack will be available for this class in March
