

# New York Beauty Sampler Supply List

## 413/513

---

### Instructor

Karla Alexander

### Email

karlaalexander@mac.com

### Experience Level

Intermediate to Advanced

### Sewing Machine Required

Yes

### Course Overview

Join me in this free-form class to discover exciting and challenging skills. We'll use a variety of piecing techniques including sewing perfect curves, unique block and sashing settings as well as paper piecing! You'll have the option to incorporate different design elements into each block, making each one different from the next or construct all your blocks using the same exact design, it's up to you!

You'll leave with several completed blocks as well as a plan for completion of this 58" x 68" quilt. If you don't fancy the idea of designing your own blocks, step-by-step instructions will be provided with the class packet.

### Fabric Requirements

Bring a mix of contrasting fabrics in increments of 1/2 yard each or, fat quarters will work as well. If you are traveling from afar with limited luggage, I suggest a minimum of 6 different fabrics for the background and 8 different contrasting prints for the arcs, points, etc. If you like sharp contrast, choose a mix of high contrast fabrics, etc. Be comfortable knowing you will be adding to your mix as you work on your quilt in the future, therefore you will not need to be concerned about yards and yards of one particular fabric. Also, many exceptional choices will be available at the Stitchin' Post as well as the on site store in the high school where classes are held.

### Required Supplies

Sewing Machine in good working order

Basic rotary cutting and sewing supplies, (cutting mat, ruler, scissors, pins, etc.)
