

Bits & Pieces--Designing from the Scrap Bag Supply List 527

Instructor

Maria Shell

Email

mariashell4@gmail.com

Course Overview

This workshop is for scrap-a-holics. Learn how to shape, sort, and piece your fabric bits into art quilt masterpieces. While learning how to work with bits and pieces, students will also be given information about improvisational piecing techniques and ideas for taking these techniques and creating original quilts.

Experience Level

Confident Beginner

Fabric Selection

Fabric is provided for this class.

Sewing Machine Required

Yes

Required Supplies

This is a recommended supply list, if you don't have the EXACT ruler or supplies please don't stress about it. We will make it work! What is important is not the supplies, it is showing up and having a willingness to experiment with patchwork.

Sewing machine with a straight stitch and a quarter-inch foot and/or the ability to create a quarter inch seam. (A quarter-inch foot with a flange will NOT work for sewing curves.)

Rotary cutter with a sharp new blade (60mm if you have one). I prefer this particular rotary cutter because it gives me good visibility and control when cutting improvisationally.

Rotary rulers (bring your basic longer ruler, my favorite is the Omnigid 4" x 14"). Creative Grid also makes this size ruler

Tri-Recs Ruler and Companion Angle Ruler if you have them Or any triangle ruler that you have on hand and want to explore using.

Rotary Mat

Basic quilting supplies including straight pins, seam ripper, neutral thread,

scissors and/or snips for cutting threads

Measuring tape

** Small sticky note pad

** Paper and/or notebook and/or draft paper for making notes, sketches, and drawings about your quilt.

** Calculator

Design wall (a large piece of flannel or batting works fine)

** Digital camera or cell phone with the ability to take pictures

** **Supplies not carried by The Stitchin' Post**

Kit Fee

\$15 for fabric scrap bag payable to Maria day of class
