

WELSH - FOLDED LOG CABIN

516

Tonye B. Phillips
Beginner-Advanced

SUPPLY LIST

NOTE: There is a pattern available but Purchase is not required. The pattern shows rotary cutter directions for two block sizes plus block construction. During class we are going to make blocks a very old-fashioned way that does not require a rotary cutter. I encourage you to purchase the pattern but it isn't required for class.

Fabric:

$\frac{1}{4}$ yards of 3 light fabrics

$\frac{1}{4}$ yards of 3 dark fabrics

1/8 yard of a bright (such as red or yellow for centers)

$\frac{1}{2}$ yard muslin

(If you prefer a scrappy look, bring a collection of darks and lights.)

Thread:

Any color 50wt cotton

Notions:

Ruler

Sewing needles

Small scissors

NOTE: We will spend the day making several blocks together. It will then be up to you whether you "just can't stop" or if a few is enough. There will not be time to complete the entire quilt.
